The basic icons of graphic
facilitation for the youth
work and NGO management

Artiul minds Toolkit

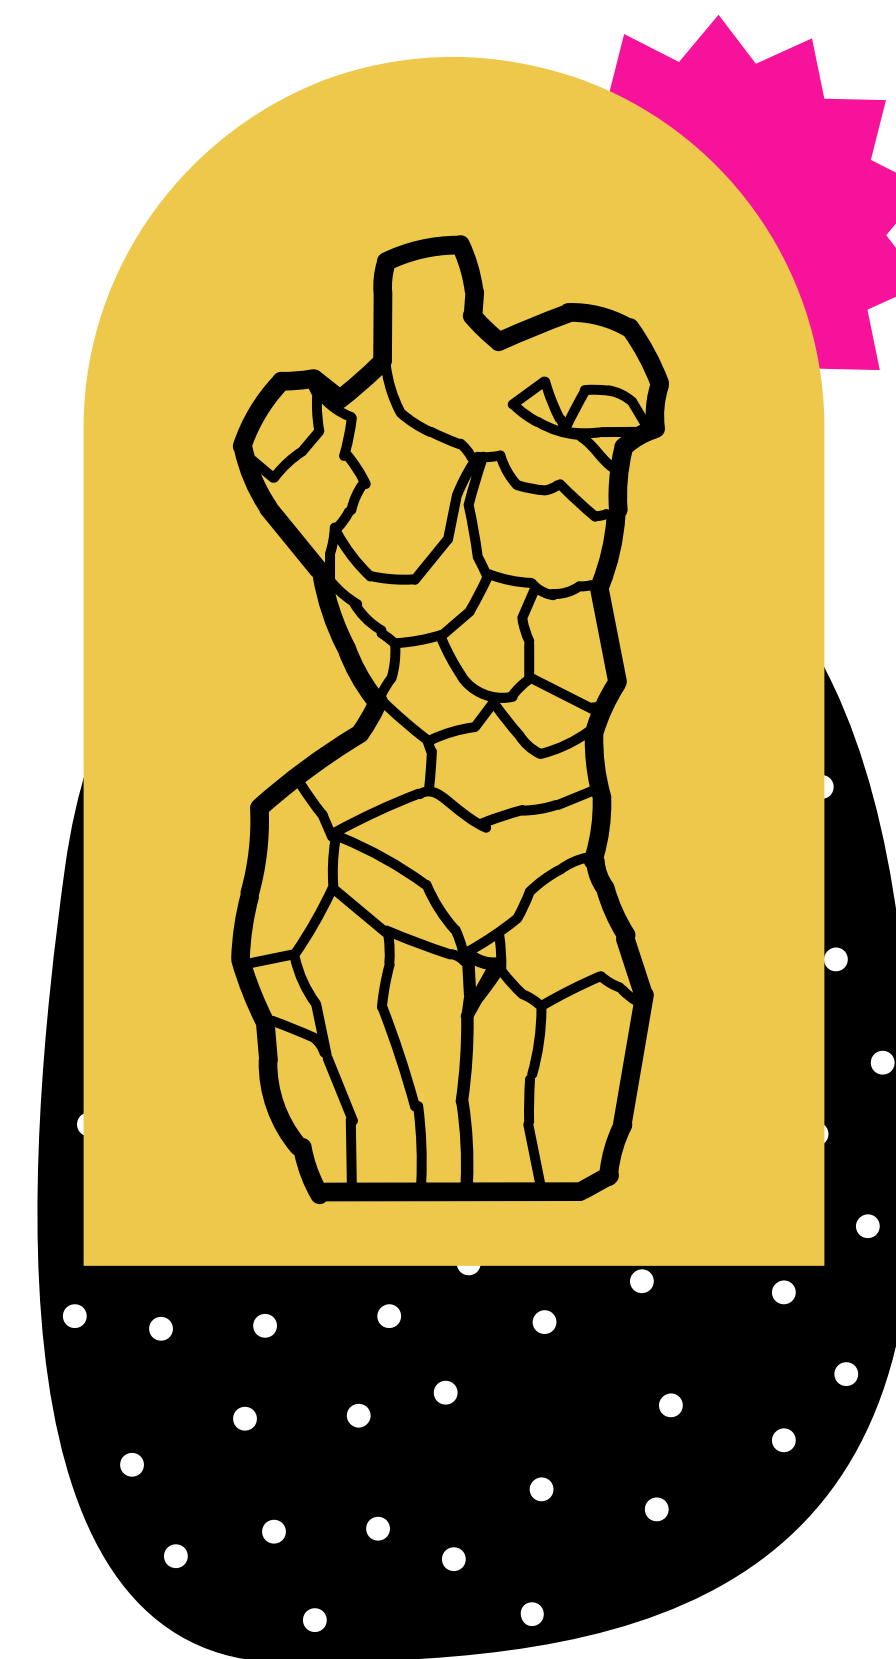

Introduction

Artful Minds brought together 28 youth workers and individuals interested in learning how to draw in a simple and effective way. From **February 16–22, 2025** participants learned basic drawing techniques and created a set of icons for youth work divided into 5 main topics.

These icons can be used in educational materials and graphic facilitation to improve communication and engagement. If you use them in your work, we would appreciate any references or acknowledgments.

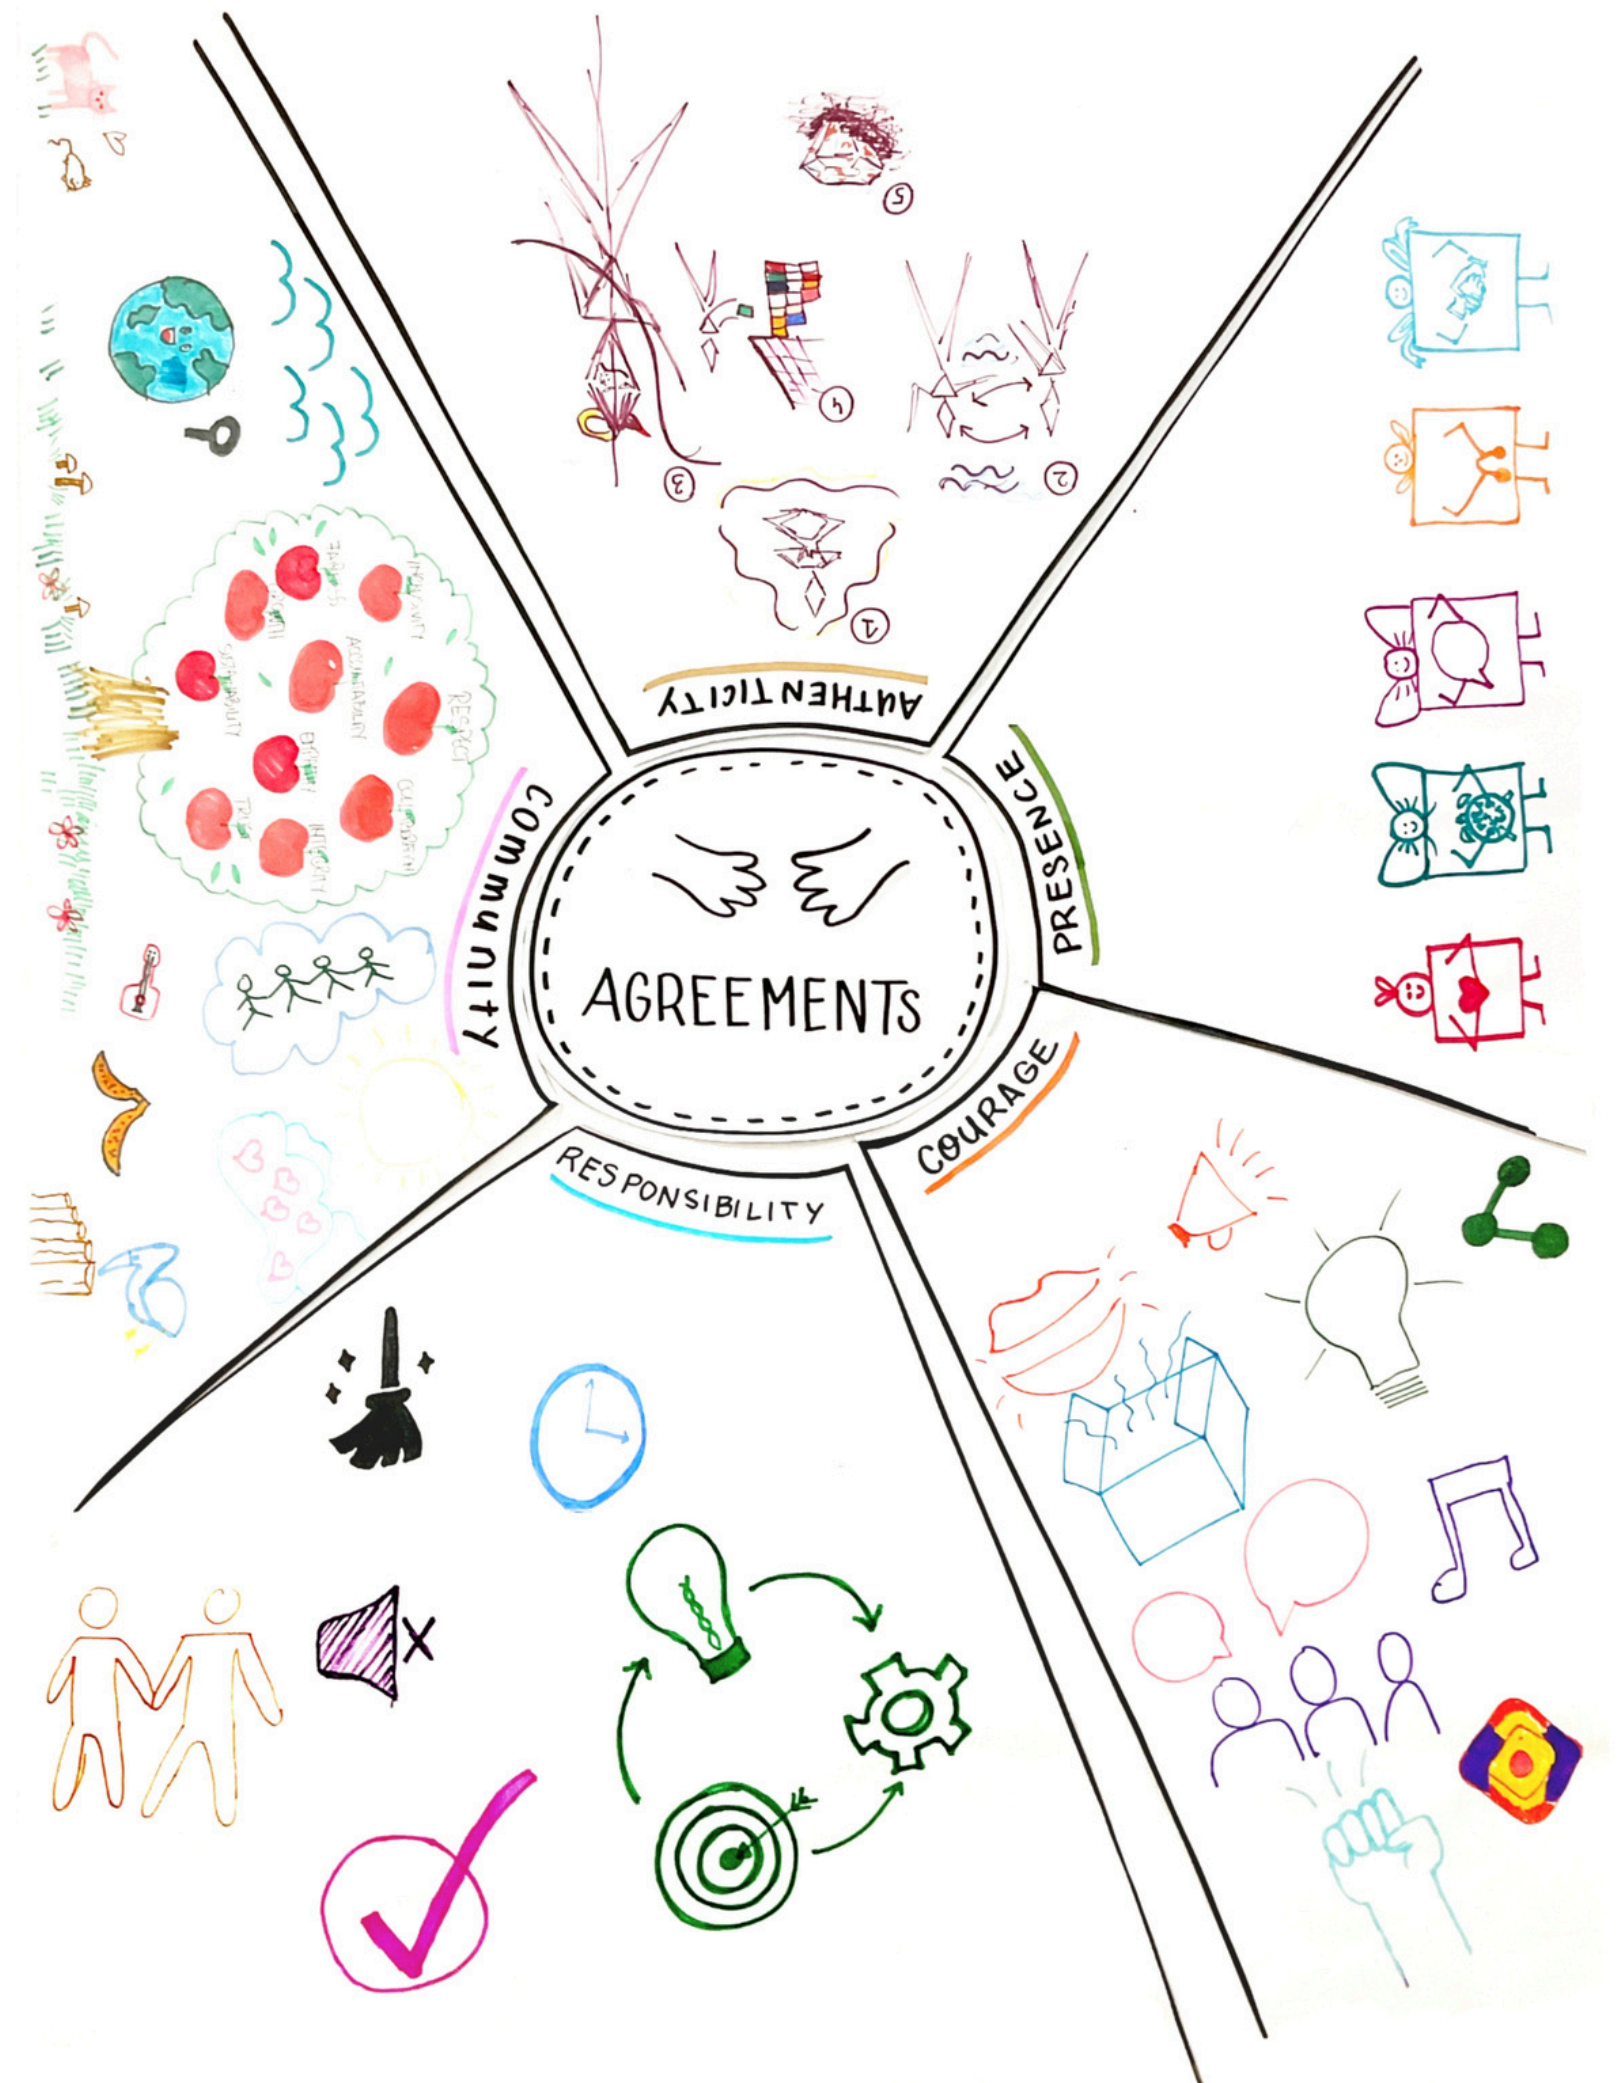

Co-funded by
the European Union

GOALS OF THE PROJECT

to empower youth workers by *strengthening their visual skills*, equipping them with **GRAPHIC FACILITATION TOOLS** and promoting international exchange and cultural understanding.

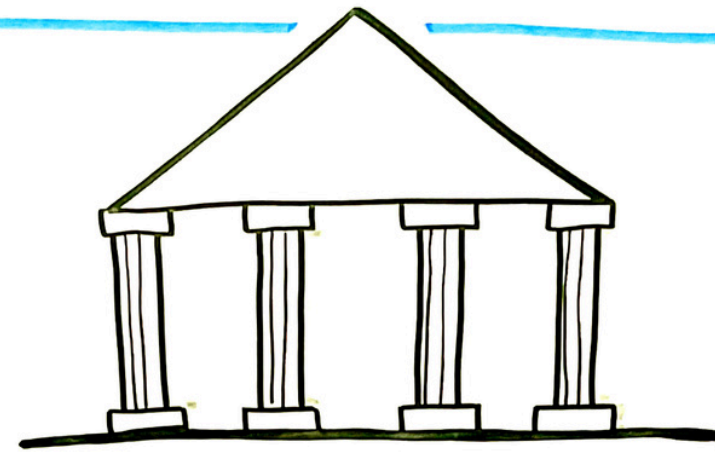

Graphic Facilitations

Poster collection →

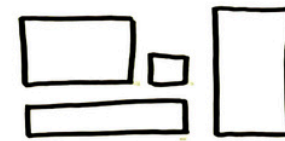

To lead the participants through their own journey of learning, a series of posters done with traditional media (papers and markers) were created to introduce the theory about Graphic Facilitations and useful graphic hacks.
